Now, with the help of the brilliant blacksmith Eitri, Thor had forged many powerful weapons and armor. The powerful items he created helped him defeat his enemies and protect Asgard from countless threats of invasion. However, with the mighty Mjolnir, he also brought peace and order to all of Asgard. Thor is going to be released on May 6th 2011.

The film is a fresh interpretation of a classic Marvel comic book character who does not have a film background. It explores Thor's relationship with his father Odin (Anthony Hopkins) and half-brother Loki (Tom Hiddleston). The movie follows Thor as he journeys into the outer realms of space to prevent an ancient enemy from destroying Earth. Thor faces intergalactic battle against an ancient race known as The Watchers, led by the vengeful Malekith (Christopher Eccleston). The film is directed by Kenneth Branagh, who also starred in the series "Wallander". The movie Thor (2011) is based on an old comic book character that was popular in the 1960s. The movie has a lot of expected features that will surely entertain audiences. It involves supernatural themes and supernatural abilities, with an intergalactic battle against an evil race known as The Watchers. This movie also involves Thor's relationship with his father Odin (Anthony Hopkins), half-brother Loki (Tom Hiddleston), and his fellow Valkyrie warrior Sif (Jaimie Alexander). Thor (2011) movie is directed by Kenneth Branagh and stars Tom Hiddleston, Anthony Hopkins, Natalie Portman, and Zachary Levi. The film has a running time of 142 minutes and has been rated PG-13 by the Motion Picture Association of America (MPAA) for "some fantasy action violence".

The film is set to be released on July 27th 2011 by Walt Disney Studios Motion Pictures.

The film is based on a comic book series of the same name published in 2008 by Marvel Comics. This story centers around a teenaged orphan named Richard Rider, who rebels against the authoritarian government known as The Trust in post-World War II Europe. As part of the rebellion, Richard becomes the heroic Nova, who is capable of wielding superhuman powers thanks to his newly acquired alien uniform. The series is credited with altering the direction of Marvel Comics in the 2000s, so it is no surprise that it has been turned into a big screen movie. The film will be released on August 12th 2011 by Walt Disney Pictures.

A man named Andy Lau plays a character named Feng in this movie. He is shown to be married to a woman named Cathy (played by Shu Qi), who he thinks he has had an ordinary life with before he discovers that she is keeping many secrets from him.
